Sickle Cell Disease Conference: A Joint Conference with Experts from Duke University and UNC-Chapel Hill

Day 1: “Engaging Providers & Families to Improve Care for Adults with Sickle Cell”

Date: Friday, November 8, 2013
Registration & Continental Breakfast: 7:15 AM—8:00 AM
Conference: 8:00 AM—4:30 PM

Purpose: Day 1 is designed to provide knowledge about the common medical and psychosocial complications of SCD in adults.

Target Audience: All healthcare providers (including Nurses, Social Workers, Therapists, Pharmacists, Physician Assistants, Physicians, and others) and medical and nursing students.

Day 2: “Engaging Providers & Families to Improve Care for Children & Adolescents with Sickle Cell”

Date: Saturday, November 9, 2013
Registration & Continental Breakfast: 8:00 AM—8:30 AM
Conference: 8:30 AM—3:45 PM

Purpose: Day 2 is designed with a special focus on children and adolescents living with SCD. Our content will provide knowledge about the common medical and psychosocial complications associated with SCD, in pediatric patient populations.

Target Audience: Parents, family members, interested community members who are caregivers for children and adolescents affected by SCD. All healthcare providers (including Nurses, Social Workers, Therapists, Pharmacists, Physician Assistants, Physicians, and others) and medical and nursing students.

Note: Childcare and supervised age-appropriate activities will be provided on Day 2 ONLY for children (ages 3—10 years old) and adolescents (ages 11—17 years old). Space is limited. More information coming soon.
